EVERY DAY SAFELY

Get out and explore or simply enjoy the ride with peace of mind thanks to the Ignis’s advanced safety systems and driving features. You and your passengers are well protected with six airbags and Suzuki’s TECT (Total Effective Control Technology) high rigidity frame incorporating high-tensile steel for structural integrity. Prevention is equally essential with features such as Electronic Stability Programme (ESP), ABS with EBD, cruise control, speed limiter, and reverse camera (GLX CVT, LTD). Wherever life takes you, the Ignis will make sure it’s a safe one.

LED PROJECTOR HEADLAMPS, DRLS & FOG LAMPS
The distinctive LED projector headlamps in the Ignis LTD are automatic light-sensing and levelling with integrated LED daytime running lamps. Situated in the lower bumper, the front fog lamps help visibility in dense foggy conditions.

ABS WITH EBD
Braking force on each wheel is automatically adjusted in relation to the available grip to provide the right amount of pressure to bring the Ignis to a safe, controlled stop. The Ignis also features powerful ventilated front disc brakes and rear drums.

SAFETY ENGINEERED BODY WITH 6 AIRBAGS
Suzuki’s TECT (Total Effective Control Technology) makes Ignis both lighter and safer for occupants as the crumple zones absorb and dissipate collision energy. The Ignis is equipped with a 6 airbag system which includes front and side airbags for the driver and front passenger, and side curtain airbags.

ESP
Electronic Stability Programme (ESP) helps you stay in control when you are cornering by counteracting understeer and oversteer in the Ignis. It also improves traction and reduces skidding whatever the road surface conditions.

HILL HOLD CONTROL
Hill starts are easy in the Ignis as the brake is automatically applied until you move forward, preventing you from rolling backwards (CVT).

GUIDE ME LIGHTS
The Ignis’s Guide Me headlamps continue to illuminate the road for a short while after you get out. When the doors are unlocked with the remote, the headlamps turn on to lead you to and from the vehicle (LTD).
