## DRIVE AWAY KNOWING THE ROAD AHEAD

With Suzuki Future Value you'll have a hassle-free finance agreement plus peace of mind you can count on the moment you drive away. Developed by Suzuki Finance, it gives you the flexibility at the end of your contract to trade your Suzuki in, pay off the balance of your finance contract and keep it, or return it.

Suzuki Future Value means you'll always have the right Suzuki for your needs at the right time.

## HERE'S HOW IT WORKS:

1. Choose the Suzuki vehicle you want.
2. Select the contract term which suits you best (24, 36 or 48 months).
3. Agree the annual kilometre allowance (10,000, 15,000, 20,000, 25,000 or 30,000 km per year).
4. Decide your deposit amount (gives you the option to reduce your repayments to fit your budget).
5. We'll then calculate the assured future value based on the total kilometre allowance and your chosen contract term to establish your set regular payments.

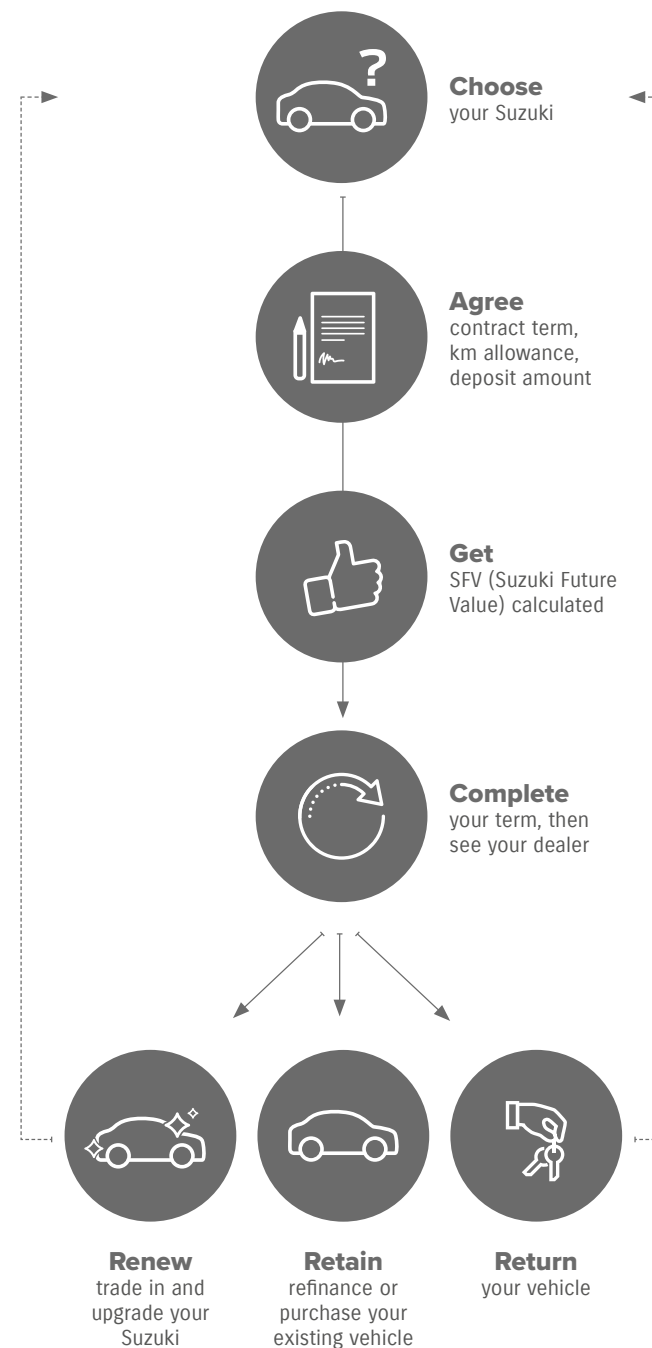

## KEEP YOUR OPTIONS OPEN

Everyone's lifestyle and situation is different. With Suzuki Future Value you'll be driving away on your terms, thanks to a contract featuring an interest rate fixed for the term of the loan and set repayments. At the conclusion of your agreed term you'll have the freedom to select a smart option to suit you:

**RENEW** – upgrade to a new Suzuki and the equity you've built up will contribute towards your new Suzuki.

**RETAIN** – own the Suzuki you have at the end of your agreed term by negotiating a new finance agreement or paying the outstanding loan balance to buy it outright.

**RETURN** – give the vehicle back and provided you've made all your regular payments, the vehicle meets fair wear and tear standards and is within the agreed kilometre allowance, you won't need to pay the final loan payment, just the return fee.

## SUZUKI FUTURE VALUE OR FINANCE CONTRACT?

Suzuki Future Value is different from a typical finance contract in the following ways:

### **Greater confidence**

With Suzuki Future Value, the value of your vehicle at the end of the term is agreed up front. This means the future value of your Suzuki is the same as the amount of your final loan payment.

### **A personally tailored solution**

You choose the term for your finance contract, the deposit you would like to pay (if any) and the kilometres you intend to travel.

### **Greater flexibility**

At the end of the finance contract term, you'll have the choice to trade your Suzuki in, keep it, or return it.

### **Maintaining your vehicle**

To ensure you enjoy the full benefits of your Suzuki Future Value, your Suzuki must be in an acceptable condition when you return or trade-in your Suzuki and must not exceed the kilometre allowance you have selected. It must also have had all its scheduled services. Some reasonable wear and tear is to be expected, but the condition of your vehicle needs to remain within the provisions of your Suzuki Future Value contract and Fair Wear & Tear Guidelines. Where the vehicle is not in acceptable condition or where you have exceeded your kilometre allowance, reinstatement and repair costs or excess kilometre charges will apply.

We recommend you seek independent financial advice to determine if this option is suitable for you before signing the loan agreement.
