VITARA
SAFARI

LIVE IT UP

Everybody's into something — lazy weekends café hopping, action-packed sports endeavours, or just zipping round getting stuff done. Whatever you're into, the limited edition Vitara Safari is perfect for busy Kiwis who want to load up and get out there! With its go-anywhere performance, advanced safety suite and flexible interior space, this adventure-seeking SUV includes a range of accessories for even more style, protection and versatility.

So get in to it, Safari style!

Sporting a 1.4L BoosterJet Turbo engine with 48V SHVS hybrid system, the Vitara Safari delivers efficient performance in the city, effortless open-road cruising, and plenty of muscle for when you need it. As a self-charging Smart Hybrid there's no plugging in overnight or changing the way you drive. Just get in and get doing what you want.

The Vitara Safari sports a stylish interior designed with easy convenience in mind. The touchscreen infotainment system features smartphone connectivity through Bluetooth®, Apple CarPlay or Android Auto™ Audio for access to maps, music and handsfree calling. Adaptive cruise control with stop & go, reverse camera, climate control air-conditioning, auto light-sensing and levelling headlamps are just some of the clever comforts you'll find.

PACK MORE IN

The limited edition Vitara Safari is more than ready for whatever you're into. This intrepid SUV shines in exclusive Sphere Blue with Galactic Grey roof, custom Safari graphics and refined body accents. It's loaded for any kind of adventure with rugged body protection kit, convenient roof racks and practical rear cargo tray. So, make the most of your Safari!
